Children's and Youth Work

We work with parishes, employed workers and volunteers, providing support, encouragement and advice through:

- Regular training events including introductory certificates in children's work and youthwork (either run in Guildford or in parishes and deaneries given enough interest), annual training days for all involved in children's work (Creating Sparks) or youthwork (Y-train), and a year long first timer training course for those new to employed youthwork (either on gap years or changing careers) each Monday.
- Giving general advice and help drawing up policy and procedures for children's work and youthwork
- Providing consultancy and support as required to individual parishes, children's leaders and youthworkers (both paid and voluntary) in response to specific needs.
- Representing children and young people, faith sector work with children and young people, children's workers and youthworkers to the diocese and other agencies.

We would be delighted to visit your parish to talk about specific children's and youth work needs.
